How to keep the spark alive

Wednesday 9 February
12.30pm - 1.15pm (AWST)

Presented by Relationships Australia WA
Counsellors Fiona and Jade

The initial spark in a relationship is exciting, yet it can fade over time. When the 'honeymoon' period is over, it doesn't necessarily mean the end of the romance. With Valentine's Day just around the corner, now is the ideal time to reflect on your relationship and find out how to form a deeper connection that still feels fun.

In this free lunchtime webinar, we will discuss the key stages in relationships, signs to watch for when the spark begins to fade and how to keep the relationship fresh in ways you both enjoy.

Join our experienced relationship counsellors, Fiona and Jade, as they give you top tips to stay connected and keep that spark alive.

All people registered will receive a link to the webinar recording. If you are unable to join us during the livestream at 12:30pm, please register and you will receive a link to the full recording.
